FISHER-MADER WEDDING.

Hinsdale Young Man and Bride Will Live in South Orange, N. J.

A marriage of much interest locally took place in Worcester, Mass., at 8 o'clock Saturday evening, when Miss Gladys E. Mader, daughter of Mr. and Mrs. Levi H. Mader of Worcester, was married to Earl L. Fisher, son of Mr. and Mrs. Albert P. Fisher of this town. Rev. D. W. Hoyt, a Baptist clergyman, performing the ceremony. It was a very pretty wedding with the young couple standing in a bower of laurel and greenery, and a double ring service was used. The wedding marches were played by Miss Marion Padlock.

WOMEN'S MARTYRDOM.

How many men, think you, have any idea of the pain and misery endured by women of their own households, who suffer from ill peculiar to their sex? They often see them smiling and trying to be cheerful, even while racked with pain. If ever such woman would only be guided by the experience of thousands of others who have been restored to health by that grand old remedy, Lydia E. Pinkham's Vegetable Compound, much suffering might be avoided.

A Noblesville (Ind.) man who recently claimed to prefer prison to his home, has made a pretty problem for the judge. Whether the fellow was merely lazy, and should be kept out of jail, or was lying, and should be stuck in, was finally decided in the latter way, three years being the period of his prospective incarceration.

Tested Over 60 Years

When a product has been used faithfully for more than 60 years—it must have real merit and it surely must do what people say it will. Minard's Liniment was first prescribed by Dr. Minard in his private practice for giving instant relief to all sufferers from pain of every kind and for cuts and bruises. It is sold by all druggists.

It has made thousands of friends who have used it and given it to others when suffering from sprains, bruises, sore hands and sore feet, rheumatism, lumbago, neuralgia and backache. It is your protection too, if you keep it always in the home ready for instant use. It is an antiseptic with wonderful healing power.

DON'T MISS A GOOD THING

As Geo. Perkins says:

"GO TO IT"

NEWFANE.

Books Given and Loaned to Library.

To tide over the period until the Moore Free library will have available funds for the usual semi-annual purchase of new books, several interesting books have been presented and loaned to the library, among them The First Canadian Contingent, a volume rich in illustrations, letters from soldier boys in trenches and other interesting matter with patriotism, humor and tragedy interwoven into a remarkable story of courage and bravery. Village Life in America, in contrast, is full of peaceful, quiet and humorous life drawn from the diary of a school girl in the years 1855-1865, the civil war furnishing some incidents of much interest, and references to distinguished civic characters of that time recall remarkable events. It is a charming story to read aloud.

The librarian of Moore Free library has worked hard re-cataloguing more than 4,000 books on the card system. Most of the available funds must be applied this year to necessary repairs on the building. The reading table is still amply supplied, partly by friends. Literary Digest is given by W. C. Ballou; Life by Dr. Bancroft of Wellesley, Mass.; Christian Endeavor World by M. L. Platt; Garden Magazine, Country Life in America, Illustrated World, The Automobile, Hearst's, American—all six by C. H. Dickinson of Williamsville; Zion's Herald, presumably given by a Methodist pastor; World's Work and Everybody's by William H. Newton. The Congregationalist is about to be placed on the list by members of the local church. Attractive book numbers of magazines are let out like books with advantage over the latter in short stories and fascinating articles on current events, well illustrated. The five dollar year book on the reading table is a compendium of vast knowledge, bringing several massive encyclopedias up to date. Daily papers furnished are the New York Tribune and Springfield Republican, besides other standard periodicals furnished by the association. The Vermont Missionary is in the list, and occasional copies of the Christian Science Monitor are received.

Change of W. C. T. U. Convention Date

The date of the Windham County Woman's Christian Temperance Union meeting in Newfane has been changed to June 25 and 26. The opening service will be in the evening of June 25 and the closing address will be given the evening of June 26. The program for convention day will be full of interest and all who desire the advancement of the temperance cause are invited to come. Names of five delegates from each local union and of all visitors should be sent to Mrs. Etta F. Hescock. This change of date is made so as not to conflict with the Christian Endeavor convention to be held in North Londonderry.

The Christian Endeavor life lately in circulation carried pleasure to 20 families of the sick and shut-ins.

The Christian Endeavor society will hold a social in the church parlors Wednesday evening. There will be an interesting literary program with games, and refreshments will be served. A small admission fee will be charged.

Newfane scores several points on the Boston Post story of a dandelion 12 inches in diameter. Mrs. D. A. Benson cooked a single dandelion plant measuring 22 inches from tip to tip, for a family of three and "what they could not eat that night, the queen next morning fried." An added relish was given to the meal by a solid mass of 20 to 25 buds which stood out from the center like an apple.

Mrs. A. H. Farnum was at home last week to attend commencement at Leeland and Gray seminaries, her daughter, Miss Ruth Farnum, being one of the graduates. Mrs. Farnum's sisters, Mrs. Grace Heald of Washington, Mrs. Horace Boyd of Wilmington and Mrs. J. F. Ward of Westfield, were her guests and attended the exercises. Mrs. Farnum has returned to Wilmington to remain a little over two weeks to finish teaching a term of school.

Willard, the best Dartmouth college pitcher, who has been ineligible all season, has passed his exams and will work in one or more of the remaining games against Tufts, Williams and Amherst.

GROCER JOHNSON'S NEW SIGN

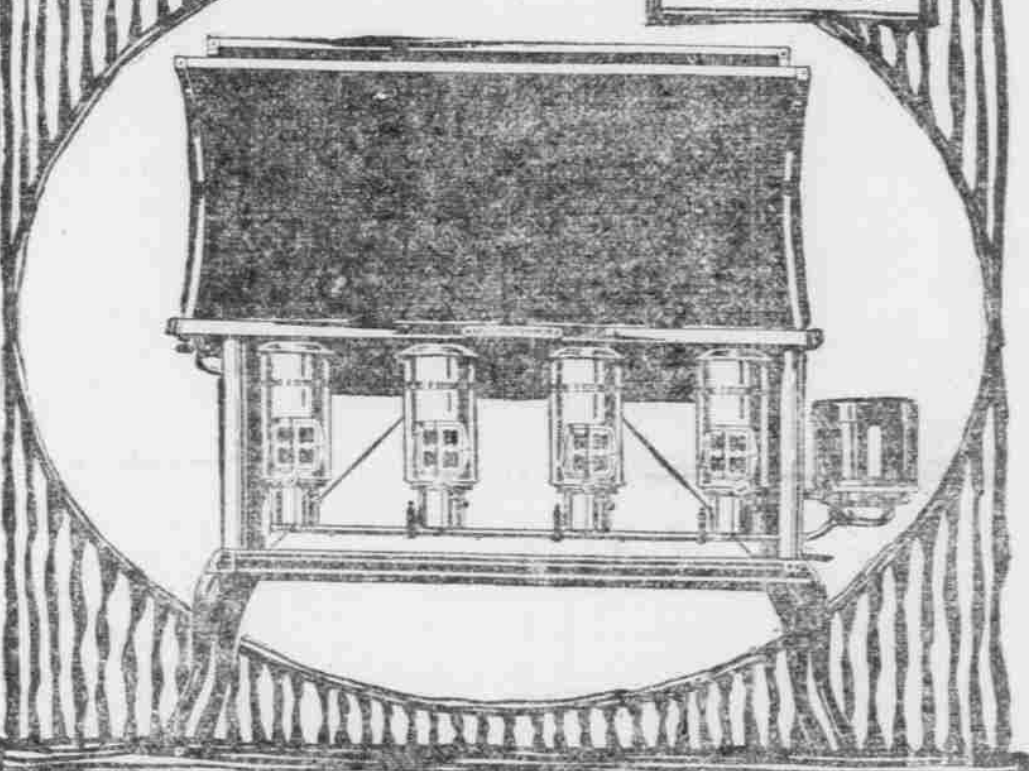

What does it mean?
It means that Mr. Johnson carries Socony Kerosene Oil and he wants everybody to know it.
Why?

Because Socony Kerosene is the safest and best kerosene on the market. Inexpensive, too, compared to the present price of coal. The New Perfection Oil Cook Stove cooks three meals a day for a family of six at an average fuel cost of six cents.

The New Perfection is economical and efficient, because the long blue chimney burner converts every drop of oil into clear, intense heat. The 1916 models have the new patented reversible glass reservoir and many other improvements. Sold in 1, 2, 3, and 4-burner sizes (by hardware, furniture and general stores) everywhere.
